Petition to Director  
Regarding application #10,083,771  
Inventor - Huey Thomas Crochet  
Title - Dynamic Snag Resistant Fishing Weight  
Examiner - Kurt Rowan  
Art Unit 3643  
37 CFR 1.8

Sir,

On 7-05-05 the examiner mailed an advisory paper to the applicant with regard to said applicants amendment claim 22.

In said advisory the only objection to said Claim 22 is that new issues have arisen which would require further consideration and search.

The record shows that the applicants earlier Claims 9 - 10, are virtually identical in content, if not in text, to the rejected claim 21, and the amendment claim 22.

Said Claims 9 - 10 are those which the examiner reconsidered during an earlier bid for appeal by the applicant.

Clearly, there are no new issues in view of said Claims 9 - 10.

Since said new issues are the examiners only objection of said advisory and the record shows that no new issues are evident, the applicant respectfully requests the Director to find said Claim 22 in condition for allowance.
